

Deer Going in Circles

David,

Alex my son goes quail hunting alone this last winter.

I have done this many times- it is fun just you and Pete our Brittney.

He sees a deer, takes out his camera and videos it going in circles and ultimately hits his truck.

Cusses twice (he has never heard me cuss- Cathy yes, but not me LOL)

my son also has seen a bobcat jump a fellow turkey hunter in the same field.

Alex is only 21 and has seen more odd things outdoors than I have.

I have seen a quail fly and hit the side of a barn after a flush and it lay there dead.

I have seen a pheasant break its' neck flying after a flush and hitting a telephone wire about 1/2 mile after it flew from our feet.

But you'll see some odd things going on outside, if you go out enough.

Mostly I have been blessed to see good points, shots and retrieves, great sunrises and sunsets and the beauty of God's creation on land, on water and even under water!

I love His outdoors- what a blessing to see all of this and to be with friends and family and share it all with laughs and smiles and stories.
